DOCKETED BY	nr
-------------	----

Dear Commissioner Mayes,

I am aware that before your commission there is a measure to award a Certificate of Convenience and Necessity to Rhodes Homes Arizona.

I am a business owner in the Golden Valley area and I would like to make record of my support of Rhodes Homes. I have lived in the area my entire life and have never seen an opportunity for our community quite like this. We need this planned development.

Everyone here is quite aware of the water issues that face our state. We are also aware that Mohave County has more water than any other county in Arizona. We also know that the "Great State of Maricopa" gets some of our water. We ask you to please let our community benefit from some of this water.

You are my elected official and you represent my views. Please take this into consideration and let Rhodes Homes start construction as soon as possible.

Our community wants this planned growth. Growth will happen in one way or another. I believe, and I am sure you will agree that this planned growth is a much better option than the alternative.

I urge you to pass the CC&N as soon as possible.

Sincerely,

Darin Edwards
